# VOCABULARY: Social Problems

**Read the text and complete the chart.**

**Hi, my name is Ali and I'm fourteen. I live in a rural area in the High Atlas. I stopped going to school because it's too far from our village. My father is married to three women. I have seven brothers and sisters. My father doesn't have a regular job. Therefore, I have to work to help support my family. My eldest sister has been working in the city since the age of ten. We're going to move to the city. Maybe my father and I can find a job there. But where are we going to live?**
